

February Training Day!

The February training day had a great turn out despite the heat, reminding us all that it was still February.

The mechanical cow got a good work out with everyone training their horses on it. The cattle were nice and fresh in the morning allowing everyone to have a nice smooth run. We are having a slight change to the next training day, it is being brought forward a week due to a conflicting show at Gresford and a few of our regulars are attending – good luck to you all! Please ring and book by next Wednesday, looking forward to seeing you on Sunday 14 March

THE NEXT TRAINING DAY IS ON SUNDAY THE 14TH OF MARCH
